LETTER FROM AUSTRALIA

Mr. Alex Scott, proprietor of the Birkdale Nursery in Queensland gives us some information about hibiscus from his area. (April 15, 1967)

"This year has been our best Hibiscus year for many years, we have had 40" of rain since Christmas. We normally experience very dry weather till about February and for the last 5 years we have been through the driest period on record. We had almost no rain at all for 2 years from 1963.

Our average summer temperatures are about 90° with very high humidity, so you can imagine with rainfall our growth rate is teriffic. I prune quite frequently with main pruning in early spring (late August to early September). This gives me really good flower-

(Cont'd on page 28)

In 1885 we offered a dozen varieties
of Hibiscus -- now we have over 300.
We like 'em too much to quit now!

For plants, contact Eric or Sally Golby.

Sorry, no shipping or Sunday Sales.

CARVER & ROXY'S NURSERY MOVED.

Due to new zoning laws and the re-assesments of property the owners of Carver & Roxy's Nursery has found it impractical to continue to operate with such a large overhead cost at their old location.

They are now located one and a half miles from Eustis north on State Road 19. This area is known locally as the Eustis-Umatilla road. The community of Dona Vista has its own post office although they will retain the Mount Dora post office box #2, and the Eustis post office box #572. They will receive mail through the Umatilla and Dona Vista mail service.

They are still in the process of moving and will let all their friends know the opening date soon. Then it will be business as usual. Drop by and say "Hi."

We have in stock several of the very old varieties hard to find, also many of the very new. Will not be able to carry vast numbers of varieties as room for can plants is limited. Keep us from worrying. Can you come and get them at a give away price?
